

OUTLOOK

Use the opportunity to have your own professional MK email which you will never forget, for ex. info@yourcompany.mk [or firstname@lastname.mk]

Inform us at info@registrar.mk which will be your new MK email with your MK domain and what is your Outlook, in order to be forwarded.

Example:

Your domain is pista.mk, the new email you have decided to be is info@pista.mk and your outlook is pista@outlook.com

With this service all emails sent to info@pista.mk, will be automatically forwarded to pista@outlook.com

- Email forwarding as described above is for FREE.
- [catch] is included for FREE- in case someone is sending by mistake to for ex. info22@pista.mk, instead of info@pista.mk, it will be successfully forwarded even so.
- Also opportunity exist to forward for FREE your MK domain to any Internet site, for ex. your Facebook page.
- For registration or transfer of MK domains, see at www.registrar.mk

Your MK email as default on Outlook:

[When sending from YOUR Outlook, the receiver will see you MK email]

Click on , then click on Options. Click on Your email accounts and click the button Add a send-only account. Click the Advanced options button to expose more options. Enter the new MK email. Add SMTP Server and click on Next.

Repeat same above and set your new MK email as default at Default From Address

SMTP Server is needed at Outlook when own email is added. SMTP Server can be rent from MKPartner for 1€ per month. With this service you will receive also support in case anytime something does not work with your email- a kind of email insurance.

Inform us to rent SMTP Server from MKPartner for 1€ per month.

Registrar.MK

#1 Registrar for MK domains
